

“New Productive Forces – Smart Strategy for Enterprises’ Upgrade and Transformation” Jewellery and Watch

Free Seminar

24th October 2025
16:00-18:00

Future Manufacturing Hall,
LG1, HKPC Building,
78 Tat Chee Avenue,
Kowloon

Cantonese

SMEs in jewellery and watch
industry or public interested
in it

The “New Productive Forces – Smart Strategy for Enterprises’ Upgrade and Transformation” is designed for enterprises to explore how new quality productivity can drive rapid business transformation. Bank of China (Hong Kong) (BOCHK) and Hong Kong Productivity Council (HKPC) will analyze current trends and strategies for industrial upgrading, and share insights on leveraging new quality productivity. The seminar will introduce electropolishing technology and showcase successful cases of utilizing government funding schemes for upgrading the jewellery and watch industry. Additionally, it will highlight the products and services of bank tailored for the industries to help enterprises seize business opportunities and enhance financial flexibility. Attendees will also have the opportunity to visit the “ Smart Wearables, Watch & Clock Technology Centre ” which offers testing services for smart wearable and watches.
